Dear Professor Lederberg,

I received your kind letter dated 31st march.  
I must thank you for all the trouble you have taken in providing me with a place and with funds to work in your laboratory early next year. I am enclosing the application form duly filled, as well as the three transcripts of my B.Sc, B.Sc(Honours), and M.A degrees.

Prof.Heinz Holter will be back in Copenhagen on the 25th of this month. Soon I shall request him to write to you about me. If I should ask Dr.Swaminathan to write to you again, please let me know.

I am happy about your proposed visit to Copenhagen during this summer and hope you will be with us atleast for a few days.As per my original plan I hope to learn some of the techniques in Dr.Westergard's laboratory before leaving Denmark. I shall get in touch with Drs.Ørskovs soon. Thank you very much for sending me the reprints.

With kind regards

Yours Sincerely,
